**TIMBERLAKE® LAUNCHES THE NEW SIERRA VISTA™ COLLECTION**

**ORLANDO, Fla., (Jan. 12, 2006)** – One of the most popular trends in home building today is the emphasis on volume, resulting in the recent “Bigger-is-Better” phenomenon. In summer 2006, Timberlake Cabinet Company™, a leading supplier of cabinetry to the homebuilding and remodeling markets, will reinforce this trend with the launch of the visually commanding Mitered door in the new Sierra Vista™ Collection.

Debuting at IBS 2006 in The Reality House, the Sierra Vista Collection features a high-end mitered door in a full-overlay design, reinforced by high quality blind mortise-and-tennon joinery. The wider than normal 3-inch door frame provides visual substance enhanced with soft curves and beaded elements. These intricate picture frame details provide an ideal canvas for glazed finishes. This collection is available in a variety of colors and finishes, including Cherry Bordeaux, Cherry Spice, and Cherry Chocolate glaze as well as Maple Natural, Maple Honey, Maple Spice, and Maple Mocha and Maple Coffee glazes.
