*Wide-Style Flat Panel Cabinets Provide Homeowners with a Contemporary, Modern Look at an Affordable Price*

**WINCHESTER, Va.** – Shenandoah Cabinets®, sold exclusively at Lowe's, continues to bring to market on-trend designs that meet consumers demand for modern luxury at an affordable price, with the expansion of the award winning Solana™ Collection. Inspired by widely popular trends in contemporary styling, the Solana Collection is now offered in White Thermo Foil.

*Solana Cherry Chocolate*

The Solana Collection was awarded the 2007 *Design Journal* Platinum Award for Design Excellence (ADEX) and is also available in Spice, Bordeaux and Chocolate Glaze finishes on Cherry hardwood, and in Natural, Honey, Spice, Mocha Glaze and Coffee Glaze finishes on Maple hardwood.

The understated grace of the Solana Collection is heightened by the lines of the cascading door profile and the decorative three piece drawer front. This full overlay door style with extra-wide 3-inch frame and top and bottom rails envelop a veneer flat panel for a distinctive and versatile

choice. Additionally, the strong, simplistic lines of the collection emphasize the contemporary look of the square door lending itself to many decorating themes, while the detail on the rails provides a place for glaze accent.

“Kitchen designs have moved towards cleaner and simpler lines over the past few years, morphing into a more modern style,” says Connie Edwards, CKD, CBD and director of design for Shenandoah. “The Solana Collection is doing just this; providing homeowners with an affordable, contemporary look, while still maintaining the inviting feel that everyone seeks for their homes.”
